

After travelling the world, I discovered the place closest to my heart. Oceana.... The first time i beheld the collection of natural wonders, something extraordinary happened, as I embraced the expanse of its exotic beauty, it embraced me. Rip Miller - Owner.

Some very discerning world travellers have called it the most beautiful place on earth. It began as our personal sanctuary along a vast, private expanse of world famous pristine beach in the heart of South Africa's Eastern Cape region. Now it's an ultra-luxurious haven for world travellers, with 5-star dining. One of a kind amenities and endless pampering unlike any other, all nestled in the midst of an exotic ocean/game reserve. From the first moment you arrive, Oceana has a thousand reasons for you to never want to leave. It's truly the best of all possible worlds.
